The Micro Trauma Kit NOW! - NANO is the smallest of the BFG MED medical kits. This mini trauma pouch holds the essential medical gear intended to stop the number one cause of traumatic death: bleeding! A true EDC first aid pouch that can easily be stowed in a pocket, briefcase, backpack, car door pocket, medical pack or any similar sized space.

The most popular BFG MED fill level in service with police, military and medical providers worldwide. The ADVANCED kit is designed to treat traumatic injuries as per the MARCH protocol for those providers trained in TCCC concepts. *Proof of medical authorization required for purchase due to restricted medical contents*
