THE FALKE LE REFLEX SIGHT, DEVELOPED IN GERMANY, STANDS FOR THE HIGHEST DEMANDS AND MAXIMUM PERFORMANCE, EVEN UNDER EXTREME CONDITIONS. OUR COMPACT DESIGN WITH INTEGRATED PICATINNY QUICK-RELEASE MOUNT PAIRS UP WITH ANY WEAPON TO FORM A PERFECT UNIT. THE FALKE LE SCORES WITH A WATERPROOF CONSTRUCTION (IPX-7) AND SEALED ELECTRONICS IN AN IMPACT-RESISTANT METAL HOUSING. THE 65 MOA CIRCLE WITH 2 MOA POINT ALLOWS BOTH FAST AND PRECISE SHOOTING. AN AUTOMATIC ON/OFF SWITCH COUPLED TO THE MOTION SENSOR GUARANTEES AN EXTREMELY LONG BATTERY LIFE.

THE FALKE LE IS RELIABLE, ROBUST AND ENABLES FAST SHOOTING WITH MAXIMUM PERCEPTION OF THE SURROUNDINGS. THANKS TO THE PARALLAX-FREE DESIGN, BOTH EYES CAN REMAIN OPEN WHEN AIMING.
