

MAGNIFICATION	1X
OBJECTIVE LENS	20MM
HEIGHT	63,7MM
LENGHT	87,4MM
RETICLE	RED DOT
RED DOT	2MOA
ADJUSTMENT RANGE	80MOA
WEIGHT	200G
MOUNT	PICATINNY/WEAVER
WATER PROOF	IPX-7
COLOUR	BLACK
BATTERIE	CR2032
BATTERIE RUNNING TIME	UP TO 200.000H
AUTOMATIC SHUTDOWN	YES

THE FALKE S IS ONE OF OUR LATEST PROJECTS IN THE FALKE PORTFOLIO. OUR GERMAN ENGINEERS HAVE DONE EVERYTHING TO MAKE THIS RED DOT ONE OF THE MOST TECHNICALLY MODERN RED DOT SIGHTS. IT COMES WITH A BATTERY LIFE OF ALMOST 200,000 HOURS AND THE CLEAR 2 MOA POINT IS PROJECTED ERROR-FREE IN EVERY FORM. REGARDLESS OF THE LIGHT OR WEATHER CONDITIONS, OR WHEN A MOVING TARGET IN A CONFINED SPACE DEVELOPS INTO A RAPIDLY ACTING TACTICAL SITUATION. THE FALKE S RED DOT SIGHT MASTERS EVERY SITUATION. THIS OPTIC WAS TESTED UNDER THE TOUGHEST TEST CONDITIONS, SUCH AS 10M WATER DEPTH, EXTREME TEMPERATURES FROM -60°Celsius TO +70°Celsius AND SHOCK AND RECOIL UP TO CAL. 338LM. IN ADDITION TO ALL THIS, IT OFFERS 4 DIFFERENT MOUNTING HEIGHTS, ALL IN ONE BOX.
