

Specification FALKE CS

MAGNIFICATION 4X
OBJECTIVE LENS 20MM
HEIGHT 67MM
LENGHT 95MM

RETICLE BALLISTICAL RETICLE

WEIGHT 311G

MOUNT PICATINNY/WEAVER

WATER PROOF IPX-7
COLOUR BLACK
BATTERIE AAA

BATTERIE RUNNING TIME UP TO 4.600H

AUTOMATIC SHUTDOWN YES

AFTER A LONG DEVELOPMENT PROCESS FROM OUR GERMAN ENGINEERING TEAM, THE FALKE CS HAS BEEN DESIGNED FOR THE HIGHEST DEMANDS AND PRACTICAL REGULAR USE. THE RESULT IS A COMPACT TARGET OPTIC WITH 4X MAGNIFICATION THAT MEETS THE EXPECTATIONS OF DEMANDING USERS AND EVEN AUTHORITIES. THE FALKE CS TARGET OPTIC IS THE FURTHER DEVELOPMENT OF THE PROVEN FALKE S REFLEX SIGHT. A FINELY ADJUSTABLE QUICK-RELEASE ASSEMBLY FOR WEAVER/PICATINNY RAIL IS ALREADY INSTALLED IN THE FALKE CS. YOU CAN ASSEMBLE THE ASSEMBLY REPEATABLY AND QUICKLY WITHOUT THE ADDITION OF ANY TOOLS. THE FALKE CS HAS 10 BRIGHTNESS LEVELS. THE LED LENS ALSO HAS A HIGH-QUALITY COATING AND CLOSES FLUSH WITH THE ALUMINUM HOUSING. THE INNOVATIVE BATTERY SYSTEM ORIGINALLY COMES FROM MEDICINE AND OFFERS AN ABOVE-AVERAGE BATTERY LIFE.
