

RIVAL XL FOREGRIPS

USER MANUAL

FF35006

FF35007

Engineered for high intensity, fast-paced situations, from shooting sports to tactical training simulations to home defense, Firefield products are designed for the next generation shooter and serious gun enthusiast. Our goal is to provide optimal solutions for demanding tactical, hunting and competitive training situations.

Firefield products are tested for durability in extreme terrain and extreme climates. Consisting of shooting accessories compatible with extreme shooting guns, AR-15s, tactical carbines, air guns, shotguns and pistols, the Firefield product line includes: riflescopes, red dot sights, reflex sights, laser sights, magnifiers, bore sights, night vision, digital night vision, flashlights, spotting scopes, rails and mounts.

Delivering high quality and exceptional durability to every intense moment, Firefield is the key to victory. Transform fear to power, panic to excitement and chaos to glory with Firefield units.

MOUNTING

The Rival XL can be mounted in many different orientations. Some are shown below.

TO MOUNT

FF35006 - M-LOK

1. Loosen the mount by rotating the bolt (7) counterclockwise.
2. Attach the mount to the bottom half of your firearm's M-LOK rail by aligning the M-LOK nut (6) in to one of the M-LOK slots.
3. Tighten the bolt clockwise. Determine if the foregrip position is comfortable and that the firearm feels balanced. If not, remove the foregrip, reposition and repeat steps 1 to 3.
4. Finally, use the hex key to tighten the mount bolt until it is securely attached to the firearm. Do not over tighten.

FF35007 - Keymod

Attach the sections from the front most oriented section to the rear most to allow the KeyMod interface to work without blocking the next section from being attached.

1. Loosen the mount by rotating the bolt (5) counterclockwise.
2. Attach the mount to the bottom half of your firearm's KeyMod rail by aligning the KeyMod nut (4) in to one of the KeyMod slots.
3. Tighten the bolt clockwise. Determine if the foregrip position is comfortable and that the firearm feels balanced. If not, remove the foregrip, reposition and repeat steps 1 to 3.
4. Finally, Use the hex key to tighten the mount bolt until it is securely attached to the firearm. Do not over tighten.

MAINTENANCE

The foregrip may be cleaned using a soft cloth and water or a gun cleaning solvent when exposed to dirt, dust, or other residues.

WARNING

Before handling the foregrip, read and understand the contents of your firearm's manual, and the Firefield flashlight foregrip manual. Follow all standard safety precautions and procedures during firearm operation, even when the foregrip is not in use.

Failure to follow standard firearm safety precautions and procedures, as well as the above warnings, is dangerous and may result in serious injury, damage to property or death.

TROUBLESHOOTING

Proper authorization is required before shipping any product back to Firefield. Failure to obtain authorization could result in your product being returned to the wrong address, lost, or damaged. Firefield is not liable for products returned without authorization.
