

MOE[®] M-LOK[™] MVG[®]

WARNING

BEFORE STARTING! MAKE SURE THE WEAPON IS UNLOADED, THE CHAMBER IS EMPTY & THE SAFETY IS ENGAGED.

READ ALL INSTRUCTIONS BEFORE PROCEEDING TO AVOID LOSING ANY SMALL COMPONENTS.

INSTALLATION INSTRUCTIONS

IMPROPER INSTALLATION AND/OR IMPROPER USE OF THIS PRODUCT MAY CAUSE WEAPON MALFUNCTION. WEAPON MALFUNCTION MAY CAUSE SERIOUS INJURY, INCLUDING GRIEVOUS BODILY HARM AND/OR DEATH.

Step 1: Install T-Nuts and Screws to the M-LOK MVG

Insert the *Screws* through the bottom of the *M-LOK MVG* and thread the *T-Nuts* with the "stem" of the nut facing towards the grip. Initial installation may be stiff due to the nylon thread patch on the *Screws*.

HAND GUARD THICKNESS

Step 2: Adjust the T-Nuts for Mounting Surface Thickness

The distance between the top of the *M-LOK MVG* (not the lug) and the top "flat" of the *T-Nut* should be just wider than the mounting surface thickness.

MOE

Step 3: Align the M-LOK MVG

Align the *MVG* using the two *M-LOK* lugs. Place the *M-LOK T-Nuts* and lugs into the slot at the desired location.

Step 4: Install the M-LOK MVG

When the desired position is reached, secure the *M-LOK Screws* using a 1/8" hex wrench. See enclosed *M-LOK Accessory Instruction Sheet* for detailed *M-LOK* instructions. (072-0087)

Step 5: Verify Installation

Perform final inspection including function check per **US Army TM 9-1005-23&P Unit and Direct Support Maintenance Manual (3-97)** to verify proper weapon function.

Always test fire your weapon before using it in an operational environment.
