

MEPRO MPO-DS

Open Emitter Pistol Sight with 3.5 MOA Red Dot Reticle

The Mepro MPO-DS is an open reflex red dot sight designed for subcompact or slimline pistols. This cost-effective optic punches far above its cost.

It features a 3.5 MOA red dot reticle, RMSc footprint, automatic brightness control, CR2032 battery lasting 3 years plus while being water, shock, and fog proof.

The Mepro MPO-DS allows you to upgrade your current sighting system with money left over for more ammo. The Meprolight® name means we only produce products we, ourselves use and carry in defense of ourselves and our families. Choose the best, choose Meprolight®.
