

MEPRO TRU-VISION™ SR

MIL-STD Red Dot Optic

The MEPRO TRU-VISION™ SR electro-optical MIL-SPEC red dot sight is shockproof, waterproof, and durable. Its short-length, compact, and lightweight design addresses the need for co-mounting magnifiers, laser pointers, IR pointers, etc on your Picatinny rail. Energy-efficient, it provides thousands of operating hours from a single CR123 battery.

The MEPRO TRU-VISION™ SR also features an automatic brightness control system that enables clear visibility of the red dot in any lighting condition. User can manually control the 16 brightness settings (12 daytime, 4 nighttime) or use the 8 automatic brightness settings.

PROVEN ADVANTAGES
