

AD200 Marketing Copy

Description:

The AD200 by Olympia is a high-performance flashlight designed for outdoor use. It uses Cree® LED technology to ensure high-brightness and is crafted from aircraft-grade aluminum with Type II hard-anodized, anti-abrasive finish. The AD200 has five light settings including strobe and SOS for emergency situations, waterproof to IPX-8 and impact resistant to 1 meter. The slender design makes this a great light to keep in your car or hiking pack.

AD200 Features:

- Waterproof IPX-8 to 2 meters
- 200 Lumens
- 5 light settings: High→Middle→Low→Strobe→SOS
- 5 Memory light settings: Automatically memorize last used setting/mode after being in any one of the five light settings for 3 seconds.
- Complies with ANSI FL 1 Standard
- Beam distance: 113 Meters
- Peak Beam Intensity: 3200 Candelas
- Constant current circuit design, constant brightness
- Aircraft-grade aluminum with Type II anodized anti-abrasive finish
- Cree-XPG-R3 LED
- Compatible with: 2xAA (Alkaline) batteries
- High performance metal orange peel reflector, double-sided steel coated lenses
- Reverse-polarity protection
- Smart circuit for rechargeable batteries

AD200 Dimensions:

- Length: 5.8"(146.5 mm)
- Diameter: 0.89" (22.5 mm)
- Weight w/o batteries: 2.4 ozs (68.7 g)
- Working Voltage Range: 1-3.0V

ANSI/FL1			
Mode
