

ANNOUNCED: Q1 2018

# ZT 0609

A RJ MARTIN & MATT MARTIN design

The 0609 is a smaller, even more carry-ready version of the original Factory Custom knife from ZT, RJ Martin, and Matt Martin. It offers a clean, streamlined look yet also features highly detailed handle machining that adds both grip and visual impact. For more visual “wow,” the 3-D machined handle is built of titanium anodized in attractive bronze.
